

Reckon™

## Reckon One

*“The freedom to design your own online accounting software”*

Reckon One is our eagerly-awaited new cloud solution, allowing you to add or remove modules at any time so you only pay for what you need. Track your finances and projects and easily create invoices on the go (even from a smart phone). Reckon One is brand new software on brand new technology, allowing stunning dashboards and simple reporting tools.

## Reckon Accounts – Desktop

*“All the features you need to run your business”*

Access our entire business range from your desktop or laptop machine. We've spent 20 years building this range to what you see today, and are constantly updating it to match the unique needs of our NZ market.

Desktop Business Range software includes multi-currency, automatic bank feeds, payroll, advanced reporting and inventory.

## Reckon Accounts – Hosted

*“Power in the Cloud with complete accounting functionality”*

Reckon Accounts Hosted allows the full functionality of the feature-rich Enterprise product available over the internet or even on a mobile device. With all the software and data hosted, you no longer need to worry about backups, software or platform updates: all you need is an internet connection.

Powerful and efficient, Reckon Accounts Hosted makes it easy to manage your business.
